

Family Reward Chart

Let's fill the cookie jar together!

COOKIES WAITING TO GO IN

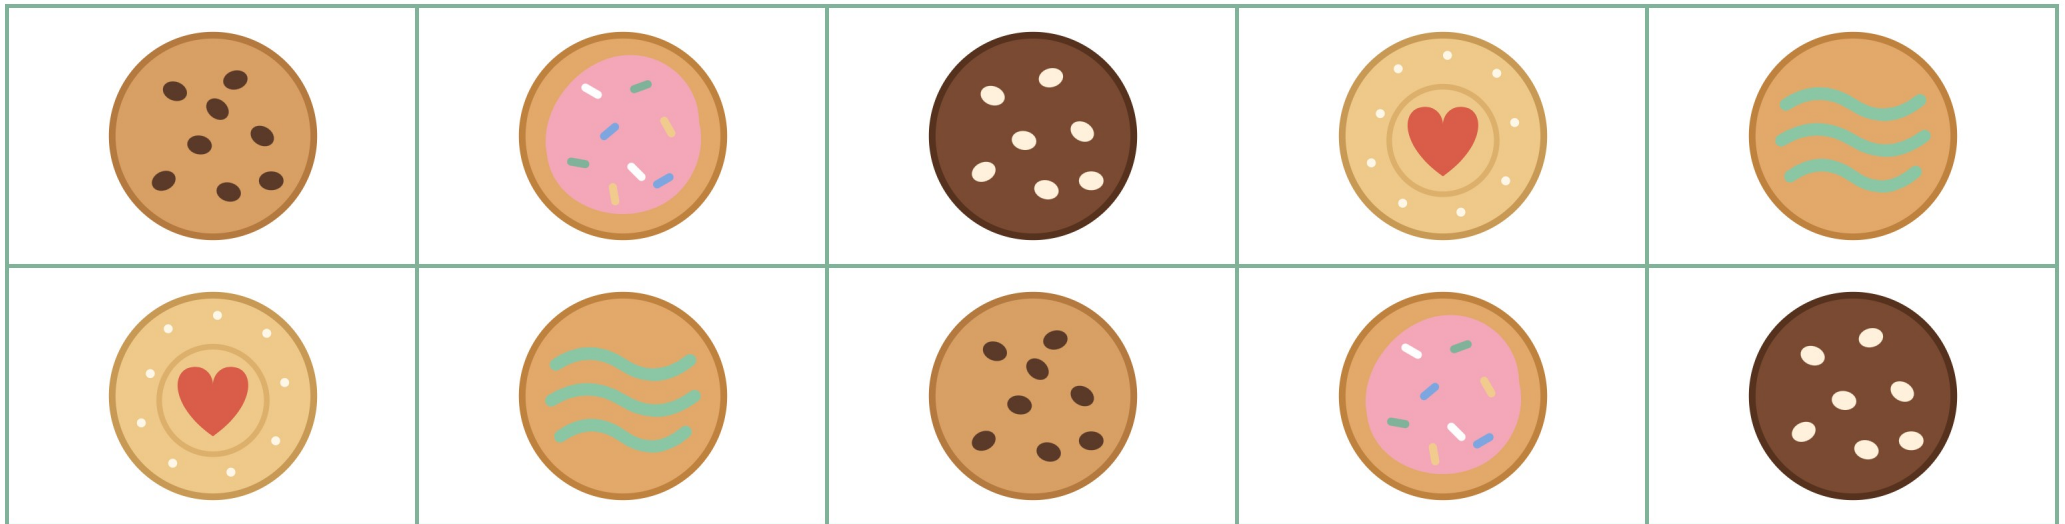

When the jar is full, we get:

How to Use

1. Print page 1 in poster mode (2×2) so the chart is big and easy to see. It will print on four A4 sheets.
2. Tape the four sheets together and hang the chart where everyone will see it: on the fridge, in the kitchen or in the hallway.
3. Print this page, cut out the cookies and laminate them if you like. Put a small piece of tape or reusable putty on the back of each one.
4. Sit down together and agree on the reward and the family goals (tidying up toys, helping without being asked, being kind to brothers and sisters, finishing homework). Write the reward on the chart.
5. Park the cookies in the waiting boxes. Every time the family works as a team or reaches a goal, one cookie goes into the jar.
6. Jar full? Time to celebrate! Choose one of the coupons on page 3 together and enjoy it.

Tip: cookies only go in, never out. The chart celebrates teamwork and is never used as a punishment.
