A Letter from the Tooth Fairy

Dear _____ ,

Thank you for the wonderful tooth you left under your pillow! It was so clean and shiny that it sparkled in the moonlight. I can tell you have been brushing every morning and every night.

I have carried it all the way home to Fairyland, where it will be polished into a brand-new star to light up the night sky. Look out your window tonight and see if you can spot it!

Keep brushing, keep flossing and keep sharing that big, bright smile. I will be watching for your next wiggly tooth!

With sparkles and love,

The Tooth Fairy ✨

P.S. You were so brave! I left a little surprise under your pillow just for you. Keep smiling!
